

**SUBSCRIPTION SERVICES DESCRIPTION  
 (“SERVICE SCHEDULE”)**

This Service Schedule provides a comprehensive description of the license and subscription rights to the Healthcare Authenticator Database. IQVIA provides two (2) kinds of access to the Healthcare Authenticator Database: (a) access that includes a set of fields made available for Licensee’s use, as outlined in Section 1 (Healthcare Authenticator Database Access by Licensee) below, and (b) access that includes a set of fields made available for the users of Licensee Application as further detailed in Section 2 (Healthcare Authenticator Database Access by Licensee’s Customers) below.

**1. Healthcare Authenticator Database Access by Licensee.** The following standard set of information is made available for Licensee:

INDIVIDUAL DATA	
DATA ATTRIBUTE	DEFINITION
Title Label	Professional Title of the Healthcare Professional (HCP). Ex. Doctor, Professor... or Courtesy title (Mr., Mrs., Miss) Code
First Name	Individual's First Name
First Name Transliterated	Individual's First Name in a Second Alphabet
Last Name	Individual's Last Name
Last Name Transliterated	Individual's Last Name in a Second Alphabet
Professional Type Label	The primary means of identifying a healthcare professional. Ex. Physician, Dentist, Nurse, Administrator...
Specialty Label 1	Primary specialty practiced by the healthcare professional. In most cases, it is the officially recognized specialty in which the healthcare professional graduated. However, because this field is mandatory, some individuals have a default primary specialty which is not officially recognized.
Specialty Label 2	Other specialty practiced by the healthcare professional.
Specialty Label 3	Other specialty practiced by the healthcare professional.
Professional Code 1	Professional Code 1

ACTIVITY - AFFILIATION	
DATA ATTRIBUTE	DEFINITION
Primary Activity	Activity where the healthcare professional spends most of his/her time and is therefore more likely to be seen or visited

WORKPLACE - ORGANIZATION – ACCOUNT	
DATA ATTRIBUTE	DEFINITION
Workplace ID	Healthcare Authenticator Workplace ID
Workplace Name	Official name for the Workplace
Workplace Type Label	Workplace Type
Workplace Phone	Workplace telephone number
Long Address Label	Address label (in most of cases: street name + street type + house number). Limited to 32 characters
Country Code	ISO-2 country code like FR, GB, DE...
County Label	County Code
City Code	City Code
City Name	City Name
Postal Code	Postal code or zip code
Address Phone	International telephone of the healthcare organization

**2. Healthcare Authenticator Database Access by Licensee’s Customers.** The following standard set of information is made available for the users of Licensee Applications:

INDIVIDUAL DATA	
DATA ATTRIBUTE	DEFINITION
Title Label	Professional Title of the Healthcare Professional (HCP). Ex. Doctor, Professor... or Courtesy title (Mr., Mrs., Miss) Code
First Name	Individual's First Name
